HEALTHY LUNCHTIMES

*Enrol in our award programme today
for expert support and guidance*

Join thousands of schools in England who are already benefitting from an award framework that offers practical advice, support and guidance.

The Food for Life Partnership is far more than a school meals programme; it uses food as a way to improve the whole school experience. Independent evaluation of the programme shows that FFLP supports tackling health inequalities and improved meal take up*. The programme is also designed to support and enrich the curriculum by providing practical learning opportunities both within and outside the classroom.

It is **FREE** for schools to enrol and once you have done so, you'll be able to access a wide range of resources and our advice line. In some areas, you may be able to access further training and guidance from a Local Programme Manager.

The Food for Life Partnership award programme supports actions recommended by the School Food Plan. Please visit our website for information and to find out whether your school is eligible for further support.

*visit www.foodforlife.org.uk/impact for the full results of our independent evaluation.

GOOD SCHOOL FOOD

A vital service which can positively impact both education and health.

COOKING

Providing essential skills for making good food choices.

FOOD GROWING

Inspiring pupils to eat fresh, healthy food.

FARM LINKS

Reconnecting with where food comes from.
